

Lateral Entry

April 2017

About the mode:

This is a specialized mode of admissions for students who have finished their B.E./B.Tech II Year in other engineering colleges and have a strong desire to work on research problems.

Admissions offered:

B.Tech in Computer Science and Engineering and Master of Science in Computer Science and Engineering by Research (CSD)

B.Tech in Electronics and Communication Engineering and Master of Science in Electronics and Communication Engineering by Research (ECD)

Eligibility :

CSD: Applicants completing their 2nd year of B.E./B.Tech in CSE/IT by July

ECD: Applicants completing their 2nd year of B.E./B.Tech in ECE / ETE/EIE/EEE by July

Procedure:

Admission will be based on performance in an entrance examination and an interview. The exam will be held in April (likely to be on fourth Sunday) every year across multiple cities. Only candidates shortlisted from this exam will be called for an interview.

Students are required to spend a minimum of 4 years to complete the course credits and thesis work. The programme is based on successful completion of a research thesis.

Application process:

Application via our admissions online portal which will be opened in February/March every year.
