

Undergraduate Engineering Entrance Exam conducts by IIIT-H for CLD and CND Programmes (UGEE):

Admissions will be based on performance in an entrance examination and an interview for admission into **B.Tech in Computer Science and Master of Science in Computational Linguistics by Research (CLD)** and **B.Tech in Computer Science and Master of Science in Computational Natural Sciences by Research (CND)** programmes.

The entrance exam will be held in the month of April (likely to be on the fourth Sunday) every year across multiple cities. Shortlisted candidates from this exam will have to clear an interview to gain admission.

Eligibility Criteria for CLD programme:

- o Stream I : Higher Secondary / Class 12 or equivalent in Science stream with Physics and Mathematics. A keen interest in prior work in languages and aptitude for Conceptual Analysis and Mathematics is essential.
- o Stream II : Higher Secondary / Class 12 or equivalent in Humanities, Art and Social Sciences with Mathematics. A keen interest in prior work in languages and aptitude for Conceptual Analysis and Mathematics is essential.

Eligibility Criteria for CND programme (for NTSE or KVPY Scholars only):

Students who have qualified in National Talent Search Examination (NTSE) - Level 2 or Kishore Vaigyanik Protsahan Yojana (KVPY) with Higher Secondary / Class 12 or equivalent in Science stream students.

Programmes Offered:

1. [CLD] Bachelor Of Technology (B. Tech.) in Computer Science (CS) and Master Of Science (MS) in Computational Linguistics (CL) by Research
2. [CND] Bachelor Of Technology (B. Tech.) in Computer Science (CS) and Master Of Science (MS) in Computational Natural Sciences (CNS) by Research

Application process:

Application via our admissions online portal which will be opened in February/March every year.
