

**Instructions to the MS/PhD students, who are converting from one programme to another programme  
17.1.2009**

If any student wants to shift from programme X to Y. In such cases, he will be allowed with the following conditions.

1. One semester probation in the new programme (Y)
2. An institute wide committee to examine each case to decide on it, at the end of that probation semester.
3. A positive statement from the new advisor is a must for probation to end.
4. Probation can be extended based on the advisors report for at most one more semester.
5. Student is out of both the programmes after 2 semesters of probation.
6. Student is out of both the programmes if the probation report is negative.

Dean (R&D) will issue an approval letter to student along with the above conditions.
